TIMELINE PROJECT

1. What do you have to do?

Create a timeline using this webpage:
http://www.readwritethink.org/files/resources/interactives/timeline_2/

2. How do you do it?

This is the website

Then you start completing your timeline. Here there is an example:

What information do you have to include in the timeline?

The Paleolithic (time, general characteristics, economy and society, culture and art)

The Neolithic (time, general characteristics, economy and society, culture and art)

The Bronze Age (time, general characteristics, economy and society, culture and art)

The Iron Age (time, general characteristics, economy and society, culture and art)

You can also include some pictures.

What will the teacher take into account?

- Summarizing the information from the book (Units 1 and 2, History Book)

- Spelling words correctly

Finally, send the project to your teacher:
